Go Daddy

The grounds for The petition of cancellation reference # 92063588. The damages from my stolen idea in regards to the Goods and Services. Go Daddy Registered Mark # 2558989. I planned on coming out with my line of Products, Flat Panel TV, Computers, etc., that I invented and reinvented before I contacted The United States Patent and Trademark Office. I submitted a few ideas' to a Patent Attorney not knowing how expensive it would be to get a Patent and he told me about The United States and Patent and Trademark Office. After he told me how much it would cost for a Patent, prototypes etc., it was expensive. I went on the United States Patent and Trademark Office website and thought it would be a great idea for me to advertise my company online and thought it would be a great idea for other companies etc., to start a website online for their companies etc., for a cost of \$99 Monthly. I planned on pursuing the idea. When I called into The United States Patent and Trademark Office considering the fact that Bob Parsons was working for the USPTO (The government) I didn't think he was going to steal the idea when he asked me what the idea was, I told him because I thought he was going to direct me on how to protect the idea nor did he tell me that I could file my Trademark /Service Mark within the United States Patent and Trademark Office. I was new to The USPTO and was advise to call The United States Patent and Trademark Office to find out more information on the difference between Patents, Trademarks etc., by a Patent Attorney. I was told it was the only place individuals can get a Patent within the United States. I felt confident in telling Bob Parsons my idea because he was a representative of The USPTO at the time I was trying to pursue my ideas and consider the fact that he was working for the government I thought how else can you explain to someone what your trying to do with letting them know what your idea was being that when your new and want to find out more about protecting your idea be that as it may patent, trademark etc., I wrote Go Daddy, ICANN and IANA A few times regarding this matter and they never responded to any of my letters before I that's when I called into the USPTO spoke with a representative working in the Trademark Trial and Appeal Board I asked what should I do if I think someone stole my idea. He told me I could file a Petition of Cancellation and he told me the fees. Someone walked me through it the day I filed the Petition of Cancellation. I contacted The USPTO to find out if Bob Parson was an employee at The USPTO. A representative referenced me to talk to Dora Best. Dora Best called me once and I am awaiting her call again.
